

Kevin's Corner

Young Adults May Have a Door – Some of you know that our County and most of our cities contract with the State agency CAL FIRE for our emergency fire and EMS services. Riverside County Fire and CAL FIRE have been partners since at least the 1940s. In years past, many local CAL FIRE employees started their careers as Riverside County Volunteer Firefighters. Before I was elected to the Board of Supervisors, the Fire Chief at the time proposed to disband the long-standing volunteer firefighter program and replace it with an underutilized Reserve program. The Board back then agreed, and unwittingly started closing fire service employment doors for young men and women. Fast forward to a new Board and a new Fire Chief and pathways are reopening again. County Fire has partnered with the County Workforce Development Centers, Riverside Community College District, and American Medical Response (AMR) to open a pathway for our Volunteer Reserve Firefighters, Explorer Firefighters, and local college students to obtain training, certifications and firsthand experience necessary to land a fire service or paramedic job, many fully paid for by the County. For more info go to: <https://rvcfire.org/employment>

Speaking of Jobs – The shortage of applicants seeking jobs is hitting the County and State very hard. CHP, CAL FIRE, OES and other State agencies (including the USFS) reportedly have thousands of vacancies across our State. Riverside County is not immune to this shortage. Vacant county positions are having a real impact at the customer service counters of many county agencies. Our office receives the phone calls of upset First District constituents waiting for overdue inspections, plans, permits, or just a return phone call from a department. The Board of Supervisors has directed the County CEO and his team to do a deep dive into this problem and determine what we can do to make some improvements (that will likely come with a steep price tag). My philosophy has been that we are going to have to pay our employees more (to recruit & retain quality staff), but because we don't print our own money, we may have better compensated employees, but there will likely be fewer total employees in noncritical positions/functions. How to triage those will be the next struggle. There are many good county jobs available at this link here:

See also, the job opportunity flyers on Page 12.

Analysis Paralysis Part 2 – Last month, I reported on the inability of various departments to streamline their longstanding bureaucratic traditions of taking years to approve community infrastructure projects. I wish I had some good news to share today, but I am beginning to think that in roughly 24 months or so Riverside County will be returning some of its grant funds back to the federal government because of the excessive delays. While some delays are caused by ancient internal processes (study everything to death) others are caused by labor and supply shortages. This impacts everything from new streetlights, water & sewer lines,

sidewalks, streets, etc. Another area that appears to be delayed despite millions of dollars coming from the State and Feds is the delivery of affordable and accessible broadband services to low-income communities. It looks like this one is also going to take years to roll out. More to come!

YAC Youth Retreat

On August 4th, the Riverside County Youth Commission presented the Annual Retreat at the Crestmore Manor Carriage House located in Jurupa Valley. The retreat was filled with great speakers and workshops. The students had a chance to interact with their fellow council members and the council members from other districts, through team building games and activities. Thank you to our Riverside County YAC interns Jordan Morris (District 1), Jackie Armenta (District 2), Perla Elizalde (District 4), Valeria Enciso (District 5), and Rachel Babcock, the Youth Commission Program Coordinator, for making this year's Youth Retreat fun, motivational, and welcoming to all the new council members.

Gavilan Road Safety Improvement

The intersection of Gavilan Road and Lake Mathews Road now has an all way stop at this three-way T-intersection. The stop signs were installed at the end of July. A traffic safety review of that intersection was completed at the end of May and showed that data and existing field conditions recommend an all way stop at this dangerous intersection.

Community Residents Clean Up Grand Avenue in Lakeland Village

Big Thank You!! A local men’s church group (located near the big red barn on Grand Ave) was out in force on a recent Saturday morning helping clean-up trash along a portion of Grand Ave.

This is very much appreciated - Thank you!

Mead Valley Community Activities

Senior Center 50's Party

On Friday, August 5th the Seniors at Mead Valley went back in time with a 50's party. This event was a lot of fun, and the seniors had the opportunity to dance, play games, participate in raffles, and of course, enjoy delicious food and refreshing drinks. A special thanks to the center staff for putting together this amazing event for seniors.

Backpack Giveaway

Huge THANK YOU to the Grove Church, operators of the Mead Valley Community Center & Park in Mead Valley. The recent Back to School Back Pack event was attended by HUNDREDS of families. Free haircuts, food, and games were all made available to our local community.

Make a plan
to prepare
for disasters

The life you've built is worth protecting. That's why we encourage everyone to prepare for disasters to create a lasting legacy for you and your family.

September is National Preparedness Month and the theme for 2022 is "*A Lasting Legacy.*" Being prepared for emergencies is critical to your resilience. National Preparedness Month is a time to take action and review your preparedness for emergencies like fires, floods, terrorism, earthquakes and even pandemic.

All it takes is four simple steps --
Have a Plan, Make a Kit, Get Informed and Get Involved

- **Have a Plan** – we can't bury our heads in the sand and ignore that disasters like, fires, floods and earthquakes happen every year. Apply some of what you've learned from the COVID pandemic to a plan for your family.
- **Make a Kit** – we've all seen what happens when people think supplies are going to run out. Have enough supplies to sustain you and your family for 7-10 days.
- **Get Informed** – know where to get good, valid information for your local area. Part of being informed includes signing up for the local alerting system, Alert RivCo at www.RivCoReady.org/AlertRivCo.
- **Get involved** – During many emergencies there is often a need for volunteers. Community Emergency Response Team (CERT) training teaches you how to help your family and your community during disasters. You can find more information and a free CERT class near you at, RivCoCERT.org. CERT is just one of many programs that will help you help your community during times of need.

**Public
Works**

BECOME A COUNTY OF RIVERSIDE PREQUALIFIED VENDOR

With the County of Riverside Purchasing and Fleet Services

The County of Riverside provides various opportunities for contractors to become Prequalified Vendors for both Formal and Informal Public Works Projects.

What is the benefit of being approved as a prequalified Contractor?

- Informal public projects allow project managers to contact companies on the approved "All Projects under \$200,000" list directly for projects under \$60,000 with no competitive bidding required and/or companies on the "Exclusive Small Projects" list who do projects under \$25,000 directly.
- The "Exclusive Small Projects" do not require contractor registration with the Department of Industrial Relations (DIR) nor project registration or project bonds.

How long is a contractor's Pre-qualification valid for informal public projects?

- Qualifications begin each year on January 1, but applications are accepted year round
- Contractors must fully complete the prequalification package and provide all documents requested just one time.
- The contractor's prequalification status will remain current from the date of accepted qualification through December 31 of each year.
- Once approved, Contractors will be notified before the year ends requesting that they renew for the new upcoming year.

Become a County of Riverside Prequalified Contractor Today!
